

Silesian University of Technology - Seminars

9 September 2013

Marie Curie meeting room (ground floor), CRG, Barcelona

- 09:00 **Adam GUDYŚ¹**
"HuntMi: an efficient and taxon-specific approach in pre-miRNA identification"
- 09:30 **Aldona ROSNER¹**
"Music' Genre Classification"
- 10:00 **Paweł FOSZNER¹**
"Bi-clustering - applications and algorithms"
- 10:30 coffee break
- 11:00 **Agnieszka DANEK¹**
"Genome compression: a novel approach for large collections"
- 11:30 **Jacek MARZEC²**
"A Bioinformatics portal for cross-platform analysis of global cancer profiles"
- 12:00 **Jakub ROSNER¹**
"Basics of GPU Programming"
- 12:30 **Adam GUDYŚ¹**
"QuickProbs - a fast multiple sequence alignment algorithm designed for graphics processors"

Affiliations:

1: Institute of Informatics, Faculty Of Automatic Control, Electronics And Computer Science, Silesian University of Technology, Gliwice PL

2: Molecular Oncology, Barts Cancer Institute, Barts and the London School of Medicine and Dentistry, Queen Mary University of London, London, UK
