

KINDERGARTEN (0-3 year)

For 4 months-old babies to 3 year-old

Staff is trained to maintain a warm and friendly approach, looking for children to respond positively to their surroundings and to benefit from being treated as an individual.

The baby room is cosy and has low-level support equipment to allow babies to pull themselves up as they learn to walk. The toddler room is an ideal environment to support learning and resources and activities are set out to allow the children space to move freely.

The equipment, smart boards and sensory development toys, are a huge advantage for children's development and transition onto 'big school' in the nursery and pre-school rooms.

CAMPUS (3 to 6 years-old)

“Casal” Days.

Children really enjoy the day participating in very varied activities: arts and craft, games and songs, puppets, excursions, beach, etc. according to the age of the group and the season.

Opening hours: 7h30-19h (August: 8h-18h).

** For students enrolled in the nursery, the “Casal” is included in the monthly fee of the school*
